

A Short Guide for Pursuing Your Interest in Pastoral Council Membership

1. Seek out a Pastoral Council member and talk with him/her about your interest. Check out the current member's page on the website for those who would be available for a conversation with you.
2. Read as much as you can about the role of a Pastoral Council and member responsibilities. Check out the "Frequently Asked Questions About Pastoral Council Membership" also found on this website.
2. Attend the April 10th "General Information Evening" where more information about Pastoral Council membership will be presented and where you can get your questions answered.
3. Attend the "Discernment Evening" where you will participate in a process that is designed to help prospective members decide if they are being called to this ministry. Date will be determined after the April 10th session.
